RENEWED PETITION TO REVIVE APPLICATION UNDER 37 CFR §1.137(b)

Applicant hereby requests reconsideration of the petition under 37 CFR §1.137(b) to revive the above application. The petition was dismissed in a notification mailed from the U.S. Patent and Trademark Office on November 6, 2001. The application was abandoned for failure to respond to a final office action mailed January 30, 2001.

Enclosed are a terminal disclaimer and a check for \$110 as set forth in 37 C.F.R. §1.20(d). A notice of appeal was filed with the petition filed September 9, 2001. In addition, the fee for the notice of appeal and the petition fee were charged to Applicant's deposit account at that time.

Applicant submits that the entire period of delay was unintentional as a copy of the office action was never received by either the undersigned or Genzyme Corporation.

Applicant believes that this completes the requirements for the petition to revive. If this is not so, Applicant asks that the undersigned be contacted. It is also believed that no other charges are due at this time. However, please apply any other charges or credits to Deposit Account No. 06-1050.
